FIND BODY OF BENDERSVILLE MAN TODAY AT FAIRFIELD

Charles A. Slaybaugh, 42-year-old Bendersville plumber, was found dead this morning about 10 o'clock in the barn at a property in Fairfield owned by Garnet Newton.

The Adams County coroner, Dr. C. G. Crist, said the death was a suicide and occurred at 11 o'clock Thursday morning. A German-made automatic pistol shot through the left ear had ended Slaybaugh's life.

Mr. Slaybaugh had left for work at the Newton house at 7 o'clock Thursday morning. He had been employed for several weeks installing a bathroom, septic tank, gas and other plumbing in the house Newton is having renovated. No one resides in the house.

BEGAN SEARCH TODAY

When he failed to return from work Thursday night his family became alarmed and this morning Mrs. Slaybaugh and her sister-in-law, Mrs. Clair Slaybaugh, Gardens R. 2, drove in search of him. They found his truck parked by the Newton house and after failing to find him in the house went to the barn and discovered the tragedy.

A son of Mrs. Elsie (Group) Slaybaugh, Bendersville, and the late Mark Slaybaugh, he is survived by his mother; by his widow, the former Donna H. Hel-

A 22½-hour period of adoration in which several hundred members of the parish took part for half-hour periods each began immediately after the Mass Thursday night and will continue until 7:30 o'clock this evening when a "Solemn Liturgical Act" will conclude Good Friday services.

In observance of Good Friday, banks and the courthouse were closed today, and most business places and clubs closed this afternoon, many from noon to 3 o'clock.

Russia Releases Two Fliers Shot Down Over E. Germany; Held Prisoners Since Mar. 10

HELMSTEDT, Germany (AP) — The Russians today freed two U.S. airmen whose jet reconnaissance plane was shot down by a Soviet fighter over East Germany March 10. Both appeared to be in good health.

Communist East Germany asserted they were "expelled" after the United States gave assurances that strict orders had been issued to prevent a recurrence of air violations. An announcement repeated a Soviet charge the plane was spying, a charge denied by Washington.

Released after 17 days of U.S. diplomatic pressure were Capt. David I. Holland, 35, Holland, Minn., and Capt. Melvin J. Kessler, 30, Philadelphia. Their companion, Lt. Harold Welch, 24, Detroit, was released March 21.

ALL PARACHUTED

All three parachuted when their twin-engine RB66 penetrated 20 miles into East Germany on a training flight and was shot down. Welch was injured in landing.

Holland and Kessler were handed over at 2:58 p.m. (8:58 a.m. EST) to U.S. authorities at the Western Allies' checkpoint at Helmstedt, on the East German frontier.

There was no announcement of where they had been held.

Visitors Barred At County Home

The Adams County Home is closed to visitors, at least until Easter Sunday, because of a number of colds suffered by the guests.

County Home Superintendent W. E. Jordan said about 25 of the guests "have colds — nothing serious, but the county home physician, Dr. Raymond F. Sheely agreed that it would be best to bar visitors for several days with the hope that the colds will run their course and no new infection will be brought in."

A check will be made Saturday to determine whether the ban can be lifted to permit visitation Sunday by relatives and friends. Jordan said, "We hope it can be lifted for Easter, and so do the guests at the home."

Woman Barred From Church For Singing Off Key And Making Faces At Minister

By ROBERT COOKE
LOS ANGELES (AP) — A judge has ruled that Betty Chapman — "the type of whom martyrs were made" — may never attend her church again. Mrs. Chapman, 41, was accused of deliberately singing off key, loudly, and making faces at the pastor during services at nearby Mar Vista Baptist church.

Superior Court Judge McIntyre Faries ruled Thursday that "Mrs. Chapman did disturb the church in its worship and activities. Were she permitted to return, though she intends well, she would again—in the absence of change in church leadership and control—disturb it."

INJUNCTIVE RELIEF

"The facts are sufficient to warrant injunctive relief," Earlier, Judge Faries had commented: "I have great admiration for Mrs. Chapman as an individual. She is the type of whom martyrs were made in the days of the early church."

Mrs. Chapman's problems began with a disagreement with her pastor, the Rev. Wayne Eurich, in 1960. The following year the church obtained a temporary injunction prohibiting her, her husband and daughter from attending services. They had been voted out of the congregation, but refused to quit attending.

TWO ARE SPARED

Judge Faries earlier this month refused to issue a permanent injunction against the husband, John, 49, and daughter, Connie Ray, 22. He said there was insufficient evidence they were guilty of misconduct. The disagreement arose when Eurich refused to perform a wedding ceremony Mrs. Chapman had arranged for a boy he said was under the age of consent.

Mrs. Chapman said she prefers not to join another church. She said the Mar Vista church is her "church home."

Good Friday And Passover Coincide Today

NEW YORK (AP) — Good Friday, saddest day of the Christian calendar, and the start of Passover, the Jewish festival marking the liberation of the Israelites from Egyptian bondage, coincide today.

Protestant, Catholic and Orthodox churches are holding services at various times today and tonight. Many of them are three-hour services in observance of the three hours of the Crucifixion.

Passover, which emphasizes religious freedom, begins at sundown. It will be observed by Orthodox and Conservative Jews for eight days and by Reform Jews for seven.

GARDEN CLUBS HEAR EXPERT ON EVERGREENS

The propagation of evergreens was described in lay terms Thursday afternoon by a Pennsylvania State University horticulturist who warned members of Adams County garden clubs against the use of native soil in planting the cuttings to be rooted.

Craig S. Oliver, an evergreen specialist who has worked extensively with vocational agricultural high school pupils, said that "soil should be used least as a media for propagation because it contains diseases, bacteria and other harmful elements that can prevent the cuttings from rooting or will produce a diseased plant." He addressed approximately 60 members of the Gettysburg Garden Club and guests from other garden clubs in the auditorium of the West St. bank. He demonstrated his lecture by using fresh cuttings of several species of evergreens and showed the group how to cut and plant specimens for propagation.

He recommended a mixture of equal parts of peat moss, native soil and sand as a good mixture for rooting the cuttings, which must be taken at the proper time of year for the temperment of the individual plant. He said that "propagation is an exacting study," and that gardeners should acquaint themselves with the propagation habits of the plants they wish to grow. He said that many people are propagating plants they are unable to identify, thus corrupting the strain from its original characteristics.

PLANT FEEDING

Oliver said that among the outstanding medias for propagating plants and cuttings are perlite or vermiculite used in ordinary house plaster. He warned, however, that plant feeding is necessary, since none

6 CHARGED IN 3-YEAR GAME LAW PROBE; 4 ARRAIGNED

An investigation begun three years ago by a special agent of the state game commission has resulted in charges against six men for violation of game laws, the collection of \$568 in fines and costs from three of the men, and levying of a possible \$1,800 in fines against a fourth.

If all charges were proven against all six, the fines would exceed \$6,000.

Game Protector Homer Thrush today reported the results so far in the investigation which allegedly involved numerous violations of the game laws in southeastern Adams County and in York County.

Three of the men have paid fines on the charges against them, one is considering a possible appeal to the Adams County court and two others cannot be found by the Game Commission.

LISTED 39 OFFENSES

Thrush said that as a result of numerous complaints received by the commission concerning illegal hunting in the areas around Conewago, Union and Oxford Twp., and the Hanover Impounding Dam area in York County, a special agent was sent by the Game Commission to the Hanover area early in 1961. His investigation continued through 1962. By that time he had obtained evidence on a number of possible charges against six men. The Game Commission held the charges pending the location of the two men still missing. Because the statute of limitations was near on some of the charges, it was decided to go ahead with the case now.

A total of 39 separate offenses were originally listed against Harold E. Sheely, 29, 1621 Bair Ave., Extended, Hanover.

ON \$3,000 BAIL

Thursday afternoon Sheely was present for a hearing before Justice of the Peace Kathryn F. Gelman, Littlestown R. 2, on seven charges of game law violations in Union Twp. He pleaded innocent to the charges and posted \$3,000 bail and thus gave himself three choices of procedure. He can appeal the charges to the Adams County court within the next 10 days, Thrush said, or he can change his plea to guilty and either pay fines totaling approximately \$1,400, or spend 1,400 days in jail.

The charges in Union Twp. include attempting to kill a doe in closed season, attempting to kill a doe with the aid of spotlight, and attempting to kill two does by using a .22 caliber rimfire weapon, all occurring on October 27, 1962; and attempting to kill a male deer in closed season, as

HAIL DECISION AS VICTORY FOR CONSUMER

PITTSBURGH (AP)—Consumers reaped quick benefits today as at least one discount chain moved immediately to implement a State Supreme Court ruling that struck down the Pennsylvania Fair Trade Act.

The court, in a 5-2 decision Thursday, said the 1935 act was unconstitutional and labeled it a "scheme" for private profit harmful to the public.

The decision lifted an injunction that barred White Cross Stores, Inc., from selling Quibb pharmaceutical products at prices below those set by Olin Mathieson Chemical Corp.

"TREMENDOUS VICTORY"

Olin Mathieson, which distributes products under the Quibb trade-mark, had secured the injunction in Allegheny County Common Pleas Court last year. There was no immediate indication whether the company would appeal to the U. S. Supreme Court.

Donald Robinson, White Cross president, said the price of Quibb products would be reduced 25 per cent today in 22 White Cross stores in Pennsylvania.

"This is a tremendous victory for the consumer in Pennsylvania," Robinson said. It means that the consumer will have the opportunity to buy many former fixed-price items at competitive prices."

Other reaction to the landmark decision was mixed.

A spokesman for E. J. Korvette, Inc., which has four stores in Pennsylvania and a fifth soon to open, said the decision won't make "any great difference as far as Korvette is concerned. . . our policy right along has been to sell at the lowest prices we can and still make a profit."

POPE ISSUES RARE GREETING

VATICAN CITY (AP)—In this Holy Week, Pope Paul VI has made what Vatican sources said today may have been an unprecedented gesture to non-Catholic faiths in the cause of Christian unity.

The gesture was in the form of Easter greetings to non-Catholics in Holy Thursday services Thursday night in the basilica of St. John Lateran, the Pope's cathedral as bishop of Rome.

For possibly the first time in history, a Roman Catholic pontiff spoke in his own cathedral about non-Catholic Christians and, in effect, recognized that they too had organized churches.

Instead of referring to them as "separated brothers," the term often used by Catholics to describe non-Catholic Christians, Pope Paul addressed Easter greetings to the "Oriental churches," to the "Anglican church," and to "all the other Christian communities derived from the reform of the 16th century and who are separated from us."

Vatican sources said it was a clear gesture of good will to the non-Catholics by the 66-year-old pope. He himself said it was "perhaps the first time on an occasion so sacred as this" that a Pope had expressed such Easter greetings.

Today In Washington

WASHINGTON (AP)—In the news from Washington:

SAVINGS: By trimming here and there, President Johnson says, the government won't need about \$35 million appropriated for the present fiscal year.

Johnson said in a letter to Speaker of the House John W. McCormack, D-Mass., Thursday that the cutbacks in funds range from \$20 million for the Area Redevelopment Administration — which was appropriated \$132 million for the current fiscal year — down to \$1,130 for the Farmers Cooperative Service.

Johnson said the funds "will be retained in reserve so that they cannot be spent under any circumstances." He said he would not object if Congress wants to rescind the appropriations.

PREJUDICE: The Teamsters Union says the federal government is trying to prejudice the appeal of its president, James R. Hoffa, by calling a grand jury in Chattanooga.

The jury began a study Thursday of the trial in Chattanooga in which Hoffa was convicted of jury tampering and sentenced to eight years in prison. His attorneys are appealing it.

Sidney Zagri, legislative director for the union, charged that "this is a highly unusual maneuver, calling a grand jury on a matter that will be on appeal in the upper courts."

NEW CANAL: A bill has been introduced in the Senate to establish a commission to consider the feasibility, location and cost of a second Central American canal linking the Atlantic and Pacific oceans.

Sen. Warren G. Magnuson, D-Wash., chairman of the Senate Commerce Committee, said the measure he introduced is not connected with the "present problem in Panama." He

CASTRO ANGRY WITH EDITORS OVER SCANDAL

By DANIEL HARKER
HAVANA (AP)—Prime Minister Fidel Castro angrily denounced his transport minister and editors of his party paper Thursday night while trying to scuttle rumors of internal conflict in his United Party of Socialist Revolution.

Castro testified for 4½ hours, until well past midnight, at the retrial of Marcos Rodriguez on charges of betraying four pro-Castro student leaders to former President Fulgencio Batista's police in 1957.

Castro charged that during Rodriguez' first trial, which ended last week with a death sentence, editors and columnists of the party paper Revolution "played with fire" by printing reports that party scandals had arisen in the trial and were being kept quiet.

As Havana papers published an increasing volume of such reports and articles on the long-standing feud between old-line Communists and new supporters of the Castro regime, the prime minister ordered a retrial with maximum publicity.

Castro accused the authors of such stories of being "problem makers" and said: "The enemy is trying to divide us by having us attack the old Communists, but we must attack that sentiment."

He heatedly criticized Faure Chomon, the transport minister, and charged that the minister's testimony diverted the first trial into political channels by touching on matters "that should have been discussed at a party meeting."

Artist's Initial On Kennedy Coin

WASHINGTON (AP)—That odd mark on the face of the Kennedy half-dollar is the designer's version of his own initials, the Treasury said today.

Officials gave that explanation in response to a reporter's questions prompted by rumors that the mark represented the Communist hammer and sickle.

The initials of the designer, Gilroy Roberts, are run together and it is difficult to distinguish them.

The initials are at the base of the profile of the late President John F. Kennedy. On the reverse side, the initials of designer Frank Gasparro are much easier to read.

"JESUS MY SALVATION"

Jesus, You are my salvation
... I need Your tender care
... so it is I offer up ...
this my humble prayer ...
guide me on this sojourn ...
so I can do what's right ...
for only with You near me ...
can I find love's pure light
... oh Jesus, give me strength
to face ... all heartache and
and all pain ... fill my soul
with faith to fight ... however
great the strain ... no one
but You can calm the fears
... that plague this heart of
mine ... hear my plea and
shower me ... with Your love
divine ... right from the be-
ginning ... until the very end
... You are my salvation ...
my eternal friend.

sisting in concealing a doe deer taken in closed season, attempting to kill a male deer with a .22 caliber rimfire rifle and assisting in taking a hen ringneck pheasant with artificial light by holding the light, all listed as occurring November 17, 1962.

Immediately after the hearing before Justice Geiman, Sheely was taken before Justice of the Peace Dayne Garret, Hanover, where he posted \$300 bond on charges of killing doves from his car, occurring September 1, 1962, killing a rabbit in a propagation area and killing a ringneck in a propagation area, both on October 27, 1962. Again he has the three choices there, of appealing to the court, or paying approximately \$400 fines, or going to jail for 400 days.

Sheely was also told that he has been charged before Justice of the Peace Robert J. Rouzer, Hanover R. 3, Conewago Twp., with three violations of the game laws: killing a ringneck pheasant hen, killing a ringneck pheasant hen from an auto, and killing a male ringneck pheasant from a car. The incidents occurred October 27, 1962, and November 17, 1962. Thrush said a charge will be brought against Sheely in Oxford Twp. of killing a brown thrasher, a protected bird, with the offense allegedly occurring on September 1, 1962.

HALE PAYS FINES

Walter C. Hale, 30, New Oxford R. D., who was scheduled to appear with Sheely before Justice Geiman for the hearing in Union Twp. Thursday afternoon changed his plea to guilty before the hearing and paid \$109 in fines and costs on charges of using a vehicle as a blind from which to kill game, shooting across a public highway and possession of a loaded rifle in his car. Because of his willingness to plead guilty to the three charges, several other charges against him were dropped.

Hale also took advantage of the "field acknowledgement" procedure and paid \$109 to York County Game Protector John Martin on three charges of using an auto to hunt, and killing a male ringneck in closed season which were brought before a York County justice of the peace.

TWO OTHERS PAY

John R. Marchio, 35, 257 Third St., Hanover, waived a hearing before a York County justice and made a field acknowledgement by paying \$300 for fines and costs to Game Protector Martin on charges of possessing, concealing and transporting a deer in closed season. The deer, Thrush said, had been given Marchio by one of the others of the six men involved in the various cases.

Joseph A. Storm, 21, 5 College Ave., Hanover, also made a "field acknowledgement" by paying a \$50 fine and costs to Game Protector Martin on a charge of possessing a loaded shotgun in a car in motion and attempting to kill a ringneck in closed season.

His sentence of 30 to 60 days on the charge of operating during suspension was to have started at the conclusion of the first count.

of the nutritive elements are found in the manufactured media. He also recommended peat moss and sand.

He said that plants may be propagated by four methods: Cuttings, air layering, grafting and budding. He indicated that propagation from cuttings is the easiest and most satisfactory method of growing new plants.

Oliver warned the group against expecting blooms next year from plants usually sold for special holidays. He said they are developed strictly as house plants and cannot be expected to produce outdoors.

Mrs. J. VanCleave Lott, vice president and program chairman, announced that the April 23 meeting will be held in the VFW post home, E. Middle St., at 1:30 p.m. Mrs. Frank Harris, Mt. Airy, Md., will discuss "The Art of Drying Flowers."

REC BOWLERS TO COMPETE

The Gettysburg Recreation Department will sponsor its third annual American Junior Bowling Congress mail-o-graphic tournament Saturday at Edgewood Lanes.

Recreation Director Ray Thompson said the Junior and Senior divisions, ages 14 to 18, will bowl at 9:30 Saturday morning, while the Bantams, for ages 9 to 13, will bowl at 12:30 Saturday afternoon. The scores made are mailed into the national competition.

Teams of five boys or girls will be competing on a national basis for team honors during the competition, all of which will be on a handicap level. Several years ago a local team, entered in the competition, won the top spot in the nation in its classification.

Trophies are awarded nationally by the Junior American Bowling Congress. House honors are awarded by Edgewood Lanes. Refreshments for the participants will be donated by Clark.

ROCKY HANDED DEFEATS BY LEGISLATURE

By ROBERT T. GRAY

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller suffered serious defeats on two major issues during the 1964 session of the New York State Legislature, which ended early this morning on a note of anger and bitterness.

He claimed success on eight issues he listed as important.

But the setbacks were enough to cause the governor to recall the Republican-controlled Legislature to a special session April 15 for additional consideration of his program.

HURT NATIONAL IMAGE

Rockefeller, a candidate for the Republican nomination for president, apparently is concerned that the homefront reverses pose a threat to his bid for national leadership.

The legislators rejected Thursday a major Rockefeller program bills that would have:

Repealed a law providing for price fixing on retail liquor sales and eased other state controls over liquor, controls the governor says have bred graft and corruption.

PLANS SPECIAL SESSION

Repealed the state's 51-year-old full-crow laws, which mandate the minimum size of crews on railroad trains and are blamed by the railroads as a cause of what they term feather-bedding. He said defeat of the repeal bill was "a matter of deep distress to me." Organized labor opposed repeal.

Within minutes after adjournment, the governor called a news conference and announced he was calling the special session April 15 for reconsideration of the rejection of his liquor-law proposals.

Tornado Breaks 6 Right Collarbones

HALEYVILLE, Ala. (AP) — Tornadoes often bring freak events, and the one that hit at nearby Addison Wednesday was no exception. Six of the injured suffered broken collarbones on the right side.

Dr. Robert F. Blake, their physician at a hospital here, said that it was the first time he had seen such similar injuries. "They apparently must have seen the storm and were all trying to run—all in the same direction."

Nice for a change: Frankfurters baked in barbecue sauce in a covered casserole.

Spence and the Morrison Vending Co. Thompson said parents will be welcomed as spectators and may volunteer as scorekeepers.

Escrow Plan

ON REMATCH

USED BEFORE

WASHINGTON (AP)—Heavy-

weight boxing champion Cassius

Clay had to agree to put

half of his purse from his fight

with Sonny Liston—some \$225,-

000—in escrow in order to get a

crack at the former champion,

an attorney has testified.

Gordon B. Davidson, attorney

for a Louisville, Ky., group

sponsoring Clay told the Senate

Antitrust and Monopoly sub-

committee Thursday.

"We didn't like it, we don't

like it, but we had to swallow

it . . . because Clay wanted to

fight for the title."

RESUME MONDAY

Clay won the championship in

the Feb. 25 match at Miami

when Liston failed to answer

the bell in the seventh round.

The committee has been taking

testimony for three days about

arrangements concerning the

fight and will resume hearings

Monday.

Davidson said Liston, when

he was challenging former

champion Floyd Patterson for

the heavyweight title, had to

agree to a rematch promoted

by a firm selected by Patterson

and also had to post half of his

purse from the first fight as a

guarantee he would give Pat-

terson a rematch.

When backers of Liston—after

he stopped Patterson in the

first round of both fights—be-

gan negotiations with Clay, Da-

vidson said, they insisted on a

similar clause in the contract,

although the pact did not specifi-

cally call for a rematch. It re-

quired that half of Clay's purse

would be placed in escrow and

that a group of which Liston

was a stockholder would have

the right to promote the match.

SECRET CONTRACT

Davidson said the rematch

agreement was in a second con-

tract, kept secret until after the

Miami fight.

"This was the deal they had

to swallow to get a fight with

Patterson and they were going

to make the next guy swallow

it," the attorney said.

Davidson said Clay received

\$50,000 for expenses for agree-

ing to give Inter-Continental

NEW YORK (AP)—The New

York State Athletic Commission

has rounded up four men who

say they are willing to fight it

out to see which one should face

Cassius Clay for the heavy-

weight title in September or Oc-

tober.

Noticeably missing is the man

who refused to fall in the round

Cassius called. That's Doug

Jones.

Also absent is Sonny Liston,

who has been refused a New

York license.

NOTHING SIGNED

Present are former champion

Floyd Patterson, plus Cleve-

land Williams of Houston, Ed-

die Machen of San Francisco

and Ernie Terrell of Chicago.

Nothing has been signed. And

it is a long way between the

talk and the bell, but if plans

work out Patterson will fight

Williams and Machen will meet

Terrell before June.

Then the winners will fight,

with the winner of that one go-

ing against Cassius in New

York in September or October.

Harry Markson, director of

boxing at Madison Square Gar-

den, said he had already made

an offer to Patterson and Wil-

liams for a fight around June

22. He said he would like to

make the Machen-Terrell fight

in May.

JONES DECLINED

Jones was invited to partici-

pate in the elimination tourna-

ment but declined. Ranked No.

1 by the World Boxing Associa-

tion Jones said "I already have

earned the right to fight Clay."

He said he thought he had won

the 10-round fight with Cassius

at Madison Square Garden a

year ago. Cassius got the wide-

ly disputed verdict, after pre-

dicting that Jones would fall in

five, or so.

Jones is ranked No. 2 by Ring,

right behind Liston, who is not

ranked by the WBA.

Two other boxers, Zora Folley

and Harold Johnson, tried to get

into the elimination picture, but

the commission turned them

down.

A Time To Meditate

Moderns, Too, Can Live By The Spirit Of Christ

By REV. JOHN S. MOORE
The Associated Press

We are thinking these days of the last week in the life of Jesus Christ.

These six days that changed the destiny of the human race truly were days which shook the world.

On Thursday of that last Holy Week, Jesus gathered His disciples together in the upper room for celebration of the Jewish Passover feast. He, of course, was a Jew.

GARDEN OF GETHSEMANE

At the end of the feast, according to scripture, He went out through the gates of the city of Jerusalem and up to the Garden of Gethsemane.

A Time to Meditate...

He saw at the gate of the garden a grapevine sculptured against the night sky. He said to his disciples, "I am the vine; My father is the husbandman; you are the branches. If you abide in me and I... in you, you can ask what you will and it will be done unto you."

Jesus referred here to the continuity of the spiritual life. It begins with God, sojourns for a season here upon earth, then returns to eternity or God.

ST. JOHN'S GOSPEL

In St. John's gospel Jesus is quoted as saying, "At that day you shall know that I am in the Father, and you in Me, and I in you."

When we read such words we ask, what does it all mean? To abide in him? To have him abide in us?

In another passage Jesus says to his disciples, "If you continue in my words you shall abide in me; you shall know the truth, and the truth shall make you free."

If we know the words that Jesus taught and we keep them in our minds we, too, can live by the spirit of Jesus which will be abiding in us.

GOD IS LOVE

In the gospel of St. John, Jesus says, "If you keep My commandments you shall abide in My love, just as I have kept My Father's commandments and abide in His love."

In his first letter to the Corinthians, Paul writes, "Love suffers long, and is kind; love envies not; love vaunts not itself; is not puffed up; does not behave itself unseemly; seeks not its own; is not easily provoked; thinks no evil; rejoices not in unrighteousness, but in the truth..."

The Bible tells us that God is love. That Christ is God in the flesh. And Paul taught, "I can do all things through Christ."

Loss Of South Viet Nam Would Endanger Vast Area Of Asia Says Henry Cabot Lodge

SAIGON, South Viet Nam (AP)—The loss of South Viet Nam to the Communists would be a clear success for Communist China that would endanger a vast area of Asia in which 240 million people live, U.S. Ambassador Henry Cabot Lodge said Thursday.

In prepared answers to questions put to the ambassador by Wes Gallagher, general manager of The Associated Press, Lodge made these other points:

1. Lodge believes South Viet Nam's war against the Viet Cong can be won by applying current plans, "provided external hostile influences stay within bounds."

"RED VICTORY"

2. The general withdrawal of U.S. troops from South Viet Nam at this time would be "disastrous."

3. Neutralization of South Viet Nam as proposed by France and Communist bloc nations would be "the complete equivalent of Communist victory."

Gallagher submitted his questions to Lodge during a visit to Saigon earlier this week. The AP general manager is now in the Philippines.

These were the questions and answers:

Q. Why is the freedom of South Viet Nam important to the United States?

WANTS SATELLITE

Lodge: "Communist China wants to turn Viet Nam into a satellite. The war in South Viet Nam is advertised by them as a 'war of liberation'—on which they base their propaganda line that their brand of communism is superior to the Soviet brand; and that the United States is both the world's greatest imperialist power and also a paper tiger which is unable or unwilling to use its own power."

"Then, South Viet Nam is the hub of an area which is bounded on the northeast and east by Formosa and the Philippines, on the south by Indonesia, and on the west by Burma. Communist seizure of South Viet Nam would put the Communists squarely into the middle of Southeast Asia, whence they could radiate all over."

WOULD AFFECT OTHERS

"The loss of South Viet Nam would have an incalculable effect on Cambodia and Laos, with strong repercussions further west in Thailand and Burma. It would shake Malaysia to the south, it would surely threaten Indonesia. If Indonesia were unable or unwilling to resist, the Chinese Communists would be on the front doorstep of Australia."

"Eastward, the repercussions for the Philippines and for Formosa would be severe. Therefore, when we speak of Southeast Asia, we are not talking of some small neck of the woods, but of an area about 2,300 miles long from north to south, and 3,000 miles wide from east to west, with about 240 million people."

CHINA OVER RUSSIA

"If the Communist Chinese, using North Viet Nam as a

catspaw, were able to take over South Viet Nam, it would be interpreted as a vindication of the fanatic Chinese methods over that of the Soviets. It would also be regarded in the free world as reflecting a general lack of ability, a lack of will power by the United States to prevent Communist aggression."

Q. The war throughout South Viet Nam seems to be in a stalemate with little relative gain by either side. What changes can be expected to end this low-key period of conflict?

Lodge: "I believe that persistent execution of the existing civil-political and military plans will bring victory—provided the hostile external influences stay within bounds. Under (South Vietnamese premier) Gen. Khanh, a new and much stronger situation is being created which means that in the army bravery is being rewarded."

CAN'T HOLD GROUND

"The army can clear any area in the country that it wants, but it has not been able to hold what it has cleared."

"In addition, therefore, the local militia is being greatly improved, and a corps of civil administrators is being created so that once the army has cleared an area, it will be able to hold it."

"If the Vietnamese (and we) persist, victory will surely come."

Q. Critics at home have suggested withdrawal of U.S. troops immediately. In your opinion, what would be the effect of such action?

STRONG POSITION

Lodge: "Some U.S. troops which are performing specific missions can be withdrawn as soon as their missions are completed. But a general withdrawal of the United States at this time would be disastrous. We and the Vietnamese have built a strong position here."

"The cost to us in dollars per year is less than it costs to build one airplane carrier. For us to throw away this joint investment, for which brave men have laid down their lives, would be imprudent."

Q. Do you envisage any circumstances where in the ne-

utrality solution as proposed by France, would be acceptable to the United States, insofar as South Viet Nam is concerned?

"NEUTRALISM"

Lodge: "The so-called 'neutrality' under present circumstances is the complete equivalent of Communist victory."

"In fact, the Communists in describing their idea of victory always use the word 'neutrality.' But they apply it exclusively to South Viet Nam and not to the North."

"Before even discussing any kind of new relationship between North and South Viet Nam, the North should stop aggression against the South. No conversations with North Viet Nam are even conceivable while this interference in South Viet Nam's internal affairs is going on. They must withdraw immediately."

"The minute they do so, there will be peace."

"In a country which is defending itself against aggression, to speak of 'neutrality' is the same thing as disarming it while leaving the military potential of its aggressor intact. To do this in the case of Viet Nam would be the prelude to communizing the whole country."

A Time To Meditate Jesus Is Door To Christian Faith

By REV. JOHN S. MOORE

The Associated Press

At this time of the year the Christian might profitably meditate upon the phrases of Jesus in which He uses the term: "I am."

In these phrases, Jesus offers us pictures of how God works in our lives. They indicate the thoughts of Jesus on how God views the full, abundant life which Christ came to give us.

In the 10th chapter of St. John there are the phrases, "I am the good shepherd" and "I am the door."

AUDIENCE OF SHEPHERDS

The audience that heard these words was made up of shepherds. They knew what it meant to be a good shepherd and to lead a flock safely back into the fold at night.

Then the shepherd would lie down at the entrance of his pasture, a secure barrier between his flock and the world.

That barrier seemed to symbolize the multiple benefits, security and peace that the sheep enjoy inside the fold in the presence of the shepherd.

Here the sheep sensed their shepherd, his ability to supply all their needs, and they trusted him.

Just so, we enter into a knowledge and an experience of God by faith in Jesus Christ, His faith and the kind of life He lived.

JESUS WAS THE DOOR

Jesus said that He was the door and that no man could come to the father except by Him.

As we enter, the barrier keeps out of this fellowship erroneous

"I Am the Door"

ideas and confusing influences of the outside world.

Today, we are in conscious fellowship with God, a fellowship in which our trust and faith are strengthened because we have access to the power of God, the salvation promised by Jesus.

In the New Testament we learn that God is not a remote person, but a spirit who is ever

present, vigorous and an intimate companion to those who seek to follow His ways.

Jesus taught: "I am with you always."

PURPOSE AND MEANING

In this kind of fellowship we learn about the purpose and the meaning of life; about the values and principles according to which man can live usefully and happily, and we also discern something of the underlying purpose of life.

We also find in the teachings of Jesus a revelation of the truth that illuminates the mind, the heart and the center of life to give it significance and purpose.

Jesus said: "If you abide in Me (and) continue in My words you shall know the truth and the truth shall make you free."

"I am with you always, and My grace is sufficient for you." Tomorrow: His Spirit Abides.

PREDICT SOUTH WILL SUPPORT LBJ TICKET

By JACK BELL

WASHINGTON (AP)—Administration Democrats are piling up party unity evidence fortifying their belief that President Johnson can hold on to a substantial segment of the South in the November election.

These Democrats were cheered by a fresh exhibition of loyalty by Gov. Donald Russell of South Carolina. Russell told his state party's convention Wednesday he thinks no GOP presidential nominee could match Johnson "in experience, personal qualification and understanding of national and international problems."

SOUTH CAROLINA SUPPORTS

What was to the point, also, was Russell's notation that South Carolina had supported Johnson in the 1960 convention and the governor's prediction that it would be behind him this year.

Johnson's friends recently patched up a truce between quarreling Democrats in Texas that seemed likely to improve the chances of the national ticket there.

When the President spoke at a Florida party rally, Democrats of every description turned out. Some of them probably wouldn't have shown up for a speech by the late President John F. Kennedy because of their opposition to his civil rights position.

PREDICTS RALLY

Gov. Carl Sanders of Georgia is on record with a prediction the South will rally behind Johnson.

Kennedy had a great deal of trouble with Mississippi Gov. Ross Barnett and Barnett had launched an independent electors' movement designed to keep his and other Southern states' votes away from the national Democratic nominee.

But since Paul B. Johnson succeeded Barnett as governor there has been less talk about any such bolt. The President's friends are hopeful that the governor can see his way clear to avoid an open break.

WORLD ENJOYS LESS FRICTION THIS EASTER

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—This Easter is as hopeful as the nation and the world has known for some years. It probably is as full of promise as the world could expect.

No millennium in sight. Just a fair quota of peace and an easing of friction and fear. Americans, and all the rest, have cause to be grateful.

Americans have lived with this risk for so long now that this Easter's comparative freedom from imminent disaster nurtures confidence and hope. This shows up in many ways in the United States—from the fairly trivial matter of buying a new hat to the long-range planning that industry is doing just now with greater assurance.

Industry donates huge sums each year to college and university programs, and carries on many of its own. Some of this aid goes into scientific research, either for general advancement or for handling the problems of particular industries. Much of it goes into educating youth for the new techniques and tasks that a more prosperous America will depend upon.

Much also results in the general advancement of the nation's level of intelligence and understanding — never more

A Lovelier You

By MARY SUE MILLER

SLINGS AND ARROWS. A whole generation of lovelies has never worn a sling-back shoe. And it shows!

One sees slings that slip, heels with pump bumps and stockings with heel reinforcements. Errors that only a novice would make!

To appear as dashing as it is, a sling-back must fit without a flaw. Your foot must not under-shoot or, worse, overshoot the back edge of the sole. The strap should snug your heel, comfortably. The slipping strap looks sloppy and causes your walk to sound clackety. Of course you

needed than today.

More important perhaps is the growing feeling that something really can be done to make this much better and more meaningful to more people.

This aura of expectation, even if a bit wistful, stretches beyond the nation's boundaries.

Today's international debates in Geneva between the haves and the have-nots stress the difference and sore points between rich and poor nations. But out of the acrimony may come some attempts to ease the friction. And a few years back the talks couldn't have been held at all.

Many of America's corporations with international dealings are working along quietly in the same direction. Fruits of their activities in other lands often go unnoticed—the raising of living standards there, the industrialization and development which these nations crave.

can't walk at all, if a strap binds and blisters your heel.

After fit, the next consideration is a proper stocking. Nothing else will do. For casual, leather slings, a handsome textured stocking — on the open side — is a natural. The stocking to wear with any other than casual slings is a seamless sheer with a nude heel. Let us never again be witness to reinforcements showing out of open-back shoes.

And let us not wear stockings that have no color relationship with a sling shoe. Harmony is vital and altogether feasible. For pastel shoes, there are flowery tones in stockings. For neutral shoes, stocking shades range from a dry Sahara beige to the no-color green of an Irish rose.

As for the heel in the sling... Well, now, we'd better smooth it with pumice stone and lotion. Or else suffer the slings and arrows of outrageous grooming!

Put aside your grooming doubts and worries! Send today for YOUR GROOMING—A to Z, a booklet that covers every step in achieving smooth looks. It tells how to manicure and pedicure, use deodorants and depilatories, bathe for beauty, tend feet, hands, teeth and eyes, polish skin and chair.

A Time To Meditate

"He Is The Way, The Truth And The Life"

By REV. JOHN S. MOORE
The Associated PressJesus taught:
"All things are possible to them that believe."

It is harder to say "I believe" than to say "I don't know." For the scientist seeking knowledge, it is very hard indeed to say he believes unless he admits that the impulse drawing him to discovery is something beyond proof.

Belief is the foundation of humility, wisdom and our hope for the future.

"FAITH IS SUBSTANCE"

"Faith is the substance of things hoped for," the Bible tells us, "the reality of things unseen."

The ideas that are deeply rooted in our minds and our subconscious — these are our beliefs. It is what we think that determines our attitudes and our speech.

Continuing the process, our attitudes and speech determine our actions; our actions result in our habits; our habits determine our conduct, and our conduct determines our destiny.

It is as the Bible said long ago: "As a man thinks in his heart, so is he."

STRIVE FOR PERSONALITY

Man should be grateful to be able to think that he can believe. It is important to be careful of what one thinks and what one believes. Paul urged his beloved Philippians to strive for an integrated personality. He told them, "Whatever is true, whatever is honorable, whatever is just, whatever is pure, whatever is gracious; if there is any excellence, if there is anything worthy of praise — think about these things."

These were the thoughts that motivated Jesus Christ when he lived among men.

Paul expresses this idea in the words, "You have the mind in you that was in Christ Jesus."

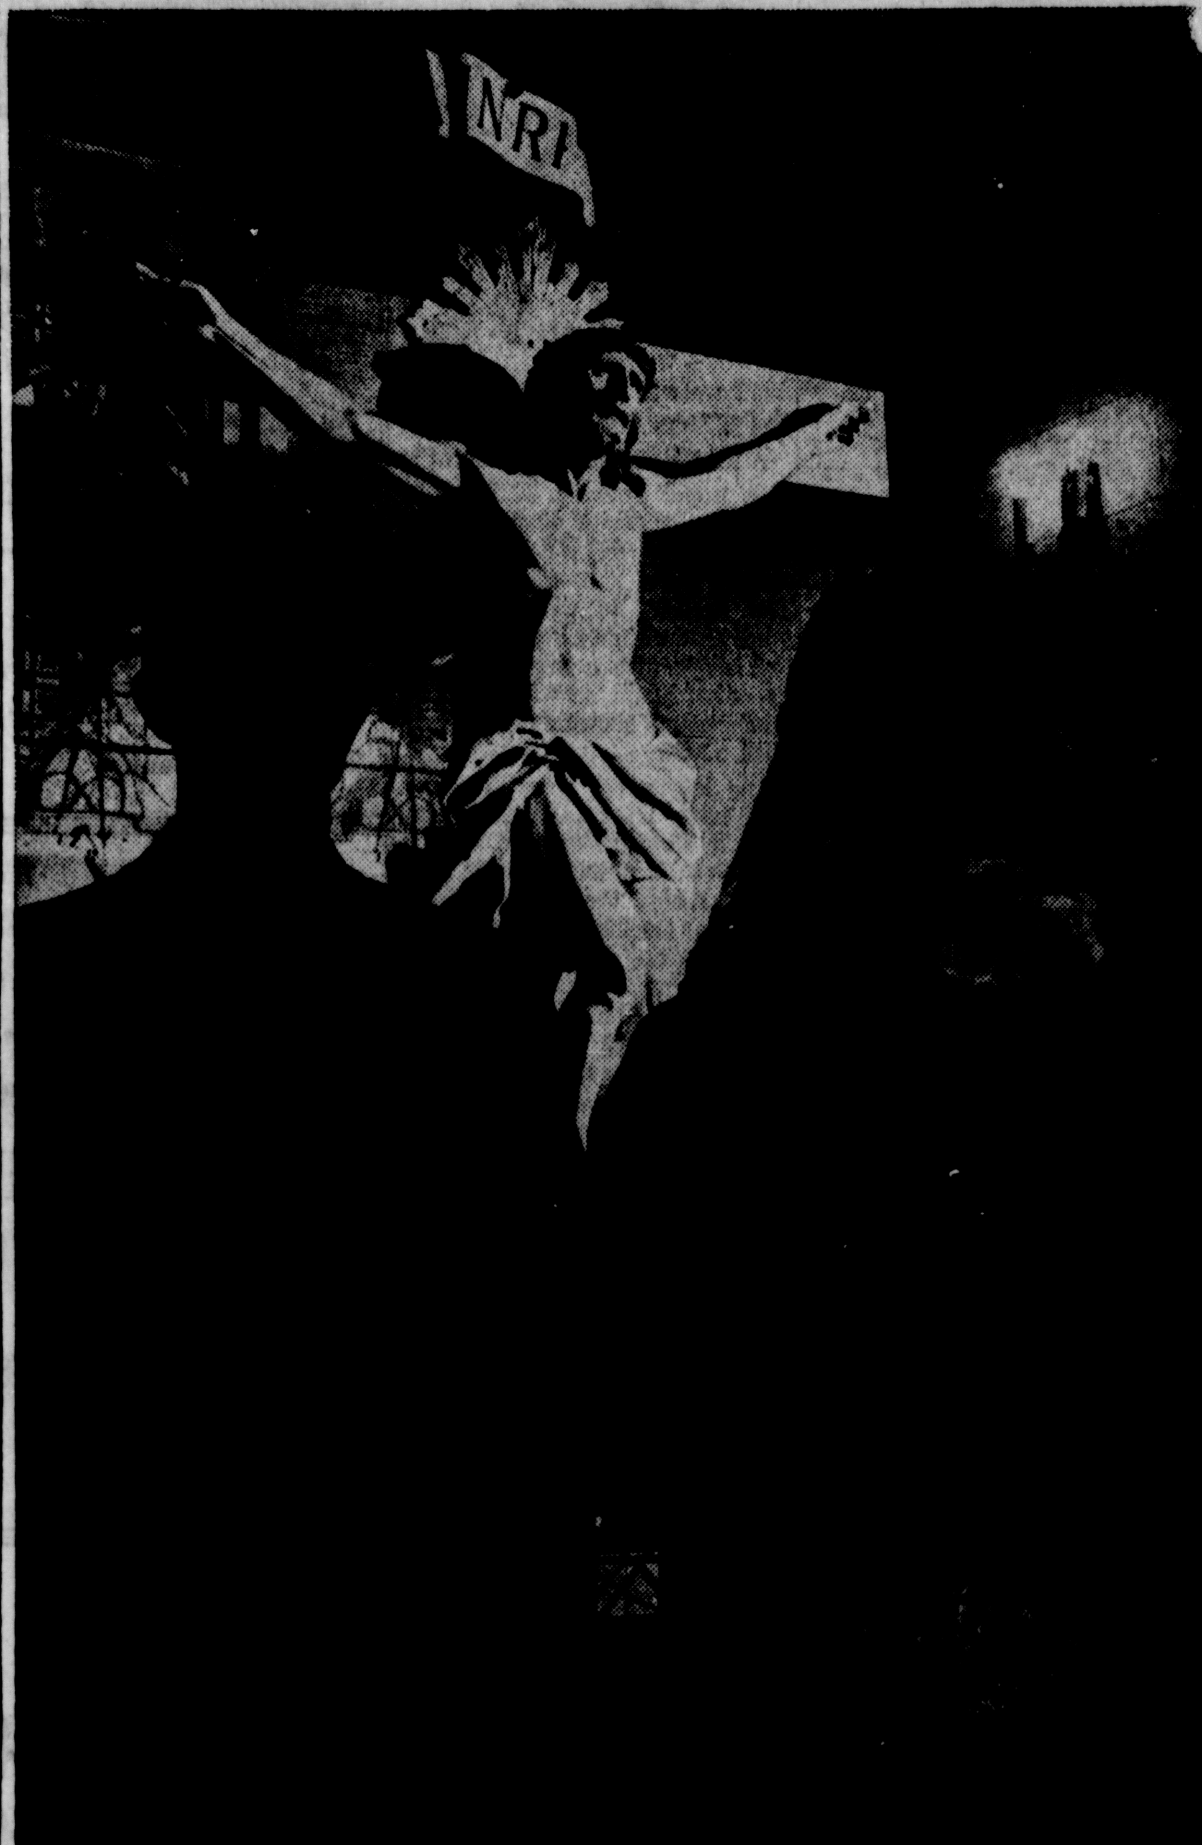

"I AM THE WAY"

To the degree that we have in us the mind that was in Christ, to the degree that His thoughts motivate us day by day, to that degree we can say with the Apostle Paul:

"I live, yet not I, but Christ lives in me." And Paul also says, "I can do all things — through Christ, Who strengthens me."

Jesus said, "He that believes in Me, though he were dead, yet shall he live; and whosoever lives and believes in Me shall never die."

Believe. Believe in God. Be-

"He That Believes in Me Shall Never Die"

lieve also in Jesus Christ, who said:

"I am the way, the truth and the life."

It is almost necessary to remember the wonderful words of scripture in order that we might have the joy of the Easter Day. We need to remember Christ's words and promises and to let them live in our hearts. This Sunday you will hear the story of the first Easter and I know you have heard it before. It is a story of a group of women who hurried to the sepulcher early in the morning where Christ had been buried. The hopes of these women had been shattered. They were disappointed like the disciples. Jesus was the promised Messiah. Now He had been crucified with criminals on a splinty cross. These women had come to the end of their roads.

"HE IS RISEN"
But as they came to Jesus' tomb the stone was rolled away. Two armed men were there and said: "Why seek ye the living among the dead? He is not here, but is risen." Then they said, "Remember how He spoke to you when He was yet in Galilee, saying, the Son of Man must be delivered into the hands of sinful men, and be crucified, and the third day rise again" (Luke 24:5-7). Then and only then did they remember His promise. They had surrendered to fear, but now as they remembered His words, their fears became their joys and assurances. A great transformation came into their hearts and they were now willing to go and tell others, to witness for their Christ, King and Saviour.

Today haven't we forgotten the words of scripture. It continues to tell us to "Go quickly and tell" others. How many have you told during the past week, the past month, or past year. Yet, if we are going to have the true Easter joy we, too, must go and tell.

Today, we are not only to go and tell, but we are to make haste. Have you forgotten Peter and John were running with excitement. There was a great urgency in their hearts. Today, we must hurry, run and tell others "good news" to others.

We run our King always goes before us to pave the way.

WONDERFUL TRUTHS
Many of our lives today have forgotten these wonderful truths. Today we are too busy and too full of the unimportant things in this life. Our blood stream is puny. We need time today to stop and think. We need time to recall and to remember and then we will have a truer Easter joy.

When we remember our homes become stronger and more united to meet the problems of the day.

When we remember our churches become more evangelistic and on fire giving the "good news" to others.

When we remember parents will teach their children to read the Bible and pray in their homes.

When we remember we will be better students and workers. We know that once we have placed our hands on the plow we cannot turn back, and if God be for us, who can be against us.

To the discouraged do not forget these words, "Come unto me, all ye that labor and are heavy laden, and I will give you rest. (Matt. 11:28)

Friends, your life can be resurrected this Easter if you will remember what Jesus has said to you and then make haste, go, and tell. Your life will be filled with the Easter joy.

We know a dour old philosopher who always has something nasty to say about what makes others happy. His latest diatribe is against folks "parading to Church in all their Easter finery."

But he won't get far with his complaints. For, strange as this might sound, the modern Easter "outfit" has its root in the very meaning of the day.

Easter has always stood for newness of life. It marks Christ's victory over death. It promises an eternal destiny to those who embrace the Faith.

Easter puts old things away and brings out the new — as the Earth sends forth its verdure — as God reveals our Hope.

And if there is a glow of happiness in wearing that new dress or hat or suit . . . well, it's only a hint of the joy that comes with finding that New Life.

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

EAST GERMANS FREE SOPRANO JAILED AS SPY

BERLIN (AP) — Gabrielle Hammerstein, a New York singer, has been released from prison in Communist East Germany as a U.S. spokesman announced today.

Miss Hammerstein, 39, a Wagnerian soprano, was sentenced to six years in jail as a spy by an East German court in August 1962.

The spokesman said she was released Thursday and flew from Frankfurt, West Germany, to New York the same day. She was accompanied by her mother, Dr. Gertrude Rosenheim, of Jackson Heights, New York City.

"CLEMENCY APPEAL"

Miss Hammerstein before her arrest told reporters in West Berlin she had sung in East German opera houses. She was arrested in January, 1962. No information has ever been made public on her alleged offense.

The U.S. announcement said Miss Hammerstein was freed before the end of her term as the result of a clemency appeal made by her family.

The clemency presumably was granted by Walter Ulbricht, the Communist leader of East Germany. Such appeals in Communist countries are generally referred to the head of state.

Miss Hammerstein, a striking redhead, was imprisoned at Colditz. Reports reaching the West recently indicated she was in ill

Littlestown Man Holds Every Radio License Issued By F. C. C.

Stricken With Polio Seven Years Ago, A. Richard Geisler, 32, Turned To Radio And Progressed To Leading "Ham" Operator Through Persistent Effort

When A. Richard Geisler, 32, of 18 Lumber St., Littlestown, talks radio with fellow experts in the field, they listen to what he has to say.

For Geisler holds every license the Federal Communications Commission awards for radio work.

Currently hanging in his radio room, part of a bedroom at his home, are a First Class Commercial Radio Telephone Operator's License; First Class Commercial Radio Telegraph Operator's License (both with Radar endorsement from the FCC) and an Amateur Extra Class Radio Operator's License — of which there are about 1,000 in the country.

Geisler's Amateur Extra Class License bears the number "34" which means he is the 34th person in Maryland, Delaware and Pennsylvania to receive the license from the Baltimore FCC office.

DIFFICULT TEST
As one of the few persons to earn all of various commercial and amateur licenses issued by the FCC, Geisler declares the "Amateur Extra Class" license is "harder than any commercial test."

This is not considered encouraging by other radio amateurs in the county, most of whom have been studying lately with the hope of obtaining the coveted Amateur Extra Class License. In fact the amateurs are wondering if the day is not coming when they will all be required to secure the FCC Extra Class License so the number of amateurs can be restricted mostly to those who carry on the original activity of the amateurs, radio experimentation, and maintenance of an efficient nationwide public service communications system. Most of the developments in early radio were made by amateurs who "tried this and that" to get better results — and used the air-

ways to talk over their findings, their results and their failures, and thus served as a great continuous school of radio engineering.

PLAN HARDER TEST

Today's amateurs can easily obtain the finest equipment from factories. "There is little experimentation," Geisler asserts. Since it is theoretically possible at least for an amateur today to know nothing about radio other than how to turn on his transmitter and the theory and practice necessary to pass the general license, the government is considering mak-

ing the licensing much more difficult to make sure only the knowledgeable are able to use the amateur bands — with the belief that if they know enough to pass the "extra class" license they will be interested enough to experiment with their transmission equipment. Today there are more than 250,000 licensed amateur radio operators — their licenses incidentally all being issued from the Gettysburg office of the Federal Communications Commission.

Another reason for reducing the number of amateurs are requests by the many new nations for wave lengths for their commercial radio transmissions. In some countries the wave lengths now assigned amateurs are better for transmission there than the long wave lengths used in the U.S. for commercial radio.

POOL OF EXPERTS

The technicians and radio scientists produced by short wave operation pay off in Civil Defense. The amateurs provide a pool of qualified communications experts for use whenever needed. Geisler's radio station at Littlestown is a cog in the communications set up of the amateurs under Civil Defense. Geisler's transmitter is listed as "alternate RACES station for Adams County." "RACES" is the Radio Amateur Communications Emergency System which ties together the nation in a tight communications system that can be used at any time and operates under Civil Defense. In case of emergency Geisler would be one of those keeping this area in communications with the state Civil Defense headquarters even though all other communications had ceased to function.

Geisler became a radio student mostly because he was stricken by infantile paralysis about seven years ago. He had been interested in radio work before he was stricken.

While he was a patient in a Harrisburg hospital, the Harrisburg Radio Amateurs provided him with a six-meter band transceiver with which he was able to talk to radio amateurs with mobile units or others within reach of the low powered transmitter beside his bed.

Geisler decided to make his struggle to regain his health a double one. To combat the effort of constant physical exercise, he decided also to increase his knowledge of radio. The result: He passed the tests for every license; and such honors as the International Amateur Radio Union award for contacting shortwave stations all over the world, and an ARRL performance citation for sending and reading 30 words per minute by Morse code over shortwave. He uses a chrome plated code transmitting key won by his radio work.

HAS STATE POST

While continuing his radio hobby, Geisler makes good use of his knowledge of furniture care to earn a living for himself and wife and child. For a number of years he was employed by his father in the Geisler Furniture Store in Littlestown. Now Geisler is with the state Department of Commerce's Division of Bedding and Upholstery, supervising seven inspectors. The job involves traveling and Geisler is working on various radio equipment in his car for use during the trips.

MASS. POLICE HEAD MAY BE SUSPENDED

By CHARLES T. BURNS
BOSTON (AP) — Gov. Endicott Peabody is acting to suspend the head of the Massachusetts State Police indicted on charges including conspiracy and larceny.

Peabody told a news conference Thursday night it appeared "there are legal grounds for me to suspend" Public Safety Commissioner Frank S. Giles, 48, former Republican floor leader in the Massachusetts House of Representatives.

"However, to insure the commissioner's basic rights," he said, "we are asking the attorney general to give us a ruling on the matter. If his ruling concurs with that of my legal counsel, we shall suspend Commissioner Giles forthwith."

38 COUNTS

Giles was indicted Wednesday by an Essex County Grand jury on 38 counts of conspiracy, larceny, aiding and abetting in filing false reports and violation of the conflict of interest law.

The commissioner earlier Thursday announced he would ask for a leave of absence without pay until court action in the case was complete.

Peabody said suspension would protect Giles' rights better than a leave of absence. He explained that Giles would receive back pay should he be cleared of the charges.

GILES CRIES "POLITICS"

The governor, a Democrat, declined comment on charges by Giles that the indictments were politically motivated.

Atty. Gen. Edward W. Brooke, also a Republican, said the offenses charged in the indictments did not involve State Police activities. He said they covered a period from 1958 to 1962.

Giles was appointed in 1961 by former Gov. John A. Volpe, a Republican.

AUTHORITATIVE BOOK COMING ON JFK DEATH

WASHINGTON (AP) — The "authoritative" book on events surrounding John F. Kennedy's assassination will open with a gay White House reception and close with the President's widow receiving foreign dignitaries five days later in the black-draped executive mansion.

It will be written by William Manchester during the next three to five years. Mrs. John F. Kennedy personally selected him for the job although she had never met him, a family announcement said Thursday.

Manchester, managing editor of the Wesleyan University Press at Middletown, Conn., is the author of "Portrait of a President," a book on Kennedy published in 1962.

Mrs. Kennedy, members of the slain President's family, President Johnson and eyewitnesses to the Nov. 22 slaying of Kennedy in Dallas will be interviewed for the book.

Mrs. Kennedy hopes the book will be the authoritative story of her husband's death. Manchester said Thursday he plans to open the book with the Nov. 20 judicial reception in the White House and conclude it with Mrs. Kennedy's reception of foreign dignitaries there on Nov. 25, after Kennedy's funeral.

Oust Civil Rights Demonstrators

PHOENIX, Ariz. (AP)—Civil rights demonstrators, planning an overnight sleep-in on the tile floors of the State Senate Building, were ejected by Arizona Highway Patrolmen Thursday night.

There was no violence as the 40 patrolmen moved swiftly over the first and second floors of the structure.

Harold Giss, state Senate majority leader, a Democrat, had twice pleaded for the demonstrators to leave peacefully. His only answer was loud singing.

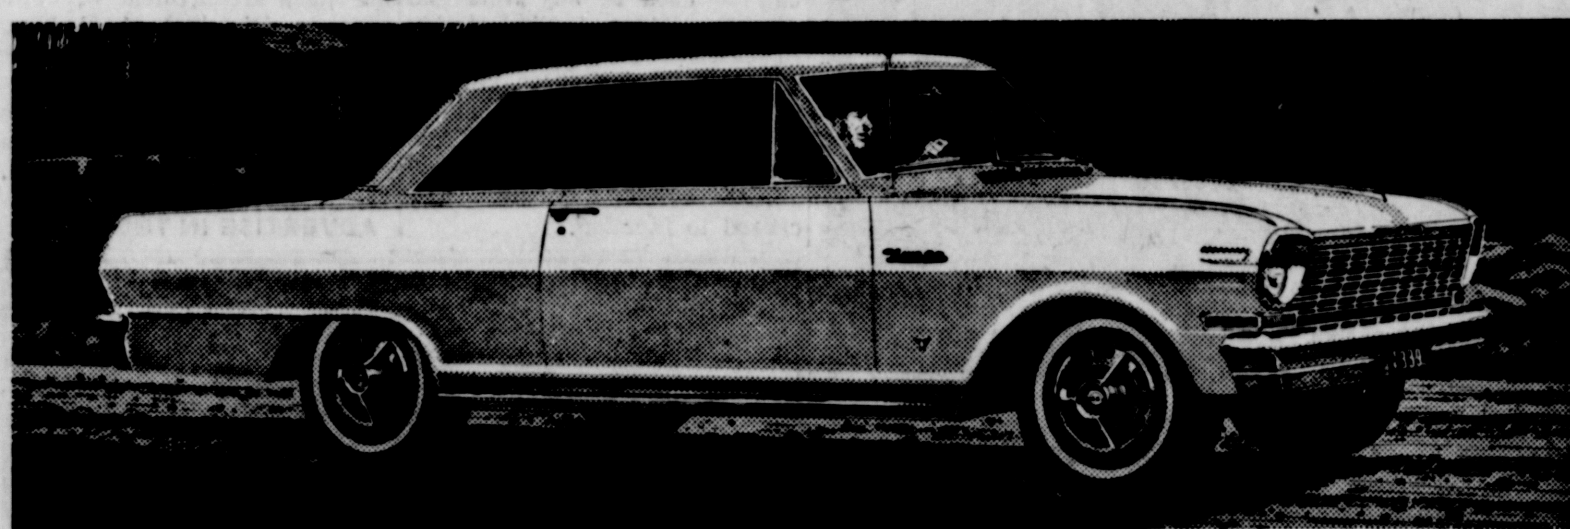

The demonstrators showed up at the Capitol in the morning to urge passage of a state public accommodations bill that would outlaw discrimination in lodging, cafes and amusement facilities.

...and just the place to enjoy it

Chevy II Nova Super Sport with Bucket Seats

Find out for yourself what this Chevy II can really do. If there are hills nearby, let it give them a good going-over. Then see it give slow-moving trucks the run-around. With its new extra-cost V8 you need but give the accelerator an inch, and this Super Sport will take a mile.

And this great highway performer looks the part it plays so well. A glance at its all-vinyl interior and door-to-door carpeting will tell you that. There's your choice of either the floor-mounted Powerglide or Four-Speed Synchro-Mesh

transmission. Both are optional at extra cost, along with a Positraction rear axle, AM-FM radio, and many other accessories. And for all its new power, Chevy II rides so softly it seems to glide along the highway. That's because it has high-mounted independent coil springs in the front and Mono-Plate single-leaf springs in the rear. With everything Chevy II Super Sport has going for it, it's no surprise your Chevrolet dealer is anxious to show you its price tag. Because that's the only thing about it that isn't super.

SHIP'S STERN BEING TOWED INTO VA. PORT

PORTSMOUTH, Va. (AP)—The severed stern of the tanker San Jacinto, wallowing at the end of a tow rope, inched toward port today with 35 crewmen who spurred rescue to stay with their ship.

Just after midnight, the sea-going tug Lambert's Point and its pitching, yawing charge still were more than 100 miles from their destination, Newport News. Their speed was three knots.

But the Coast Guard said the San Jacinto's stern was riding well in six-foot seas and was in no immediate danger. Barring bad weather, tug and tow are expected in harbor about noon Saturday.

SNAPPED IN TWO
The American tanker, steaming south off Chincoteague Island in the Atlantic, snapped in half early Wednesday, when rocked by an explosion as its cargo tanks were being cleaned.

One crewman died of natural causes, physicians said—on board a rescue ship, the Mobil Pegasus. The San Jacinto's radio officer also went aboard the Mobil Pegasus.

MacArthur Shows Some Improvement

WASHINGTON (AP)—General of the Army Douglas MacArthur's moderately inflamed right lung showed marked improvement today—but he remained in serious condition though still progressing satisfactorily.

Walter Reed Army Medical Center spokesmen said: "The significant development today is that the lung shows marked improvement. Otherwise, his condition is the same."

Joined its master, Capt. Harold J. Titus, 39, of Pine City, N.Y., in declining an offer to go aboard the Navy command ship Northampton Wednesday.

Another tug, the Tern, reached the still floating bow of the San Jacinto about 9:20 Thursday night, some 60 miles east northeast of Chincoteague and took it in tow to the Newport News Shipbuilding and Dry Dock Co.

The crewman who died was identified as Martin Dotilla, the San Jacinto's chief steward. He brought the ship's papers aboard the Mobil Pegasus and was accompanied by Wilbert N. Beck, radio officer.

The public information officer of the Northampton, Lt. (j.g.) T. S. Bayer, 25, said the San Jacinto broke cleanly amidships after the explosion about 40 miles off the Virginia Coast.

3 DIE AS BUS STRIKES TRUCK

DENVER, Colo. (AP)—A Continental Trailways bus smashed into the side of a highway department dump truck that pulled onto a busy transcontinental highway from a side road Thursday night.

The drivers of both vehicles and a girl riding in the front seat of the bus were killed. Thirty-three persons were injured, none of them seriously.

The victims were Earl Chamberlain, 52, the bus driver; Carl Lewis Hicken, 32, the truck driver; and Pamela Jo Grant, 4, of Louisville, Ky.

PULLS INTO HIGHWAY
The truck pulled onto the highway at an intersection in Jefferson County, in the southwestern suburbs of Denver, police said.

"I don't think he was 10 feet from us when he pulled out," a passenger, Ray T. Russell, 73, of Toledo, Ohio, said.

Russell said the bus driver "didn't have a chance in the world to stop."

The bus, bound from San Francisco to New York City, was going only 30 or 35 miles an hour, the passenger said.

15-Year-Old Girl Killed In Crash

SHIPPENSBURG, Pa. (AP)—A teen-aged girl was killed and two others injured at 12:45 a.m. today when their automobile went out of control and wrecked on Rt. 944, four miles west of nearby Newburg.

Pronounced dead at the scene was Sandra Brown, 15, Shippensburg.

Admitted to Chambersburg Hospital in fair condition were the driver, Grace Ariene Eutzy, 18, Shippensburg R. 2, and Nancy Lee Gilbert, 16, Shippensburg.

State police said the car apparently went out of control because of excessive speed for conditions.

Two Sworn In As U.S. Judges In Pa.
PHILADELPHIA (AP)—John Morgan Davis and Leon Higginbotham have been sworn in as judges of the U.S. District Court for Eastern Pennsylvania.

Both have been sitting regularly since last January, but the Senate did not confirm the appointments until early this month.

There were sworn in by Chief Judge Thomas J. Clary in his private chambers.

25 MEN TEST SURVIVAL PLAN

SEATTLE, Wash. (AP)—For 25 days, five men have been locked in a windowless L-shaped box, eating freeze-dried food, breathing the same air over-and-over, and drinking water reclaimed from wastes.

The test of life-support systems, and the men themselves, for a future space station or moon base will end April 1.

The Boeing Co. is conducting the experiment for the National Aeronautics and Space Administration. It is described as the first ever tried in this country providing full support for space travel.

With five days to go, the men were reported in good spirits and health. Only Roger Barnicki, 28, the crew commander, has lost any weight—down six pounds from the 228 he had weighed.

Three of the five are married—Barnicki, an X15 personnel

Giraffe Is Born In London Zoo

LONDON (AP)—A 5-foot 10 inch giraffe was born in London Zoo Thursday. Mother and calf are doing well.

For weeks keepers had maintained daily watch on the expectant mother over closed circuit television. But the baby was born in the early hours of this morning when no one was looking.

Keepers have not yet ascertained the baby giraffe's sex. A zoo official says giraffes usually come about 5 feet 8 to 6 feet at birth. Mother Maude stands at 15 feet.

After an elaborate trap failed to dislodge the animal, Jim Loggins, field superintendent of the humane society, held his nose and grabbed, pulling her out by the tail. She let Loggins have full spray of her displeasure. He took her to society headquarters for disposition, then changed clothes.

CANADIENS WIN COUPE PER

By THE ASSOCIATED PRESS

You won't find Frank Udvari's name listed in any team line-up. Nevertheless, he took the limelight Thursday night in the opening of the National Hockey League Stanley Cup semifinal playoffs.

Udvari is a referee and his whistle blowing set two Stanley Cup playoff records and equalled two others as the Montreal Canadiens beat Toronto 2-0. He handed out a record 16 penalties in the first period and a record total of 31 in the rough game before 13,934 at Montreal.

In contrast only 11 penalties were assessed at Chicago where the Black Hawks exploded for three goals in the last period to whip Detroit 4-1.

Included in the record 31 total was a bench penalty against Montreal for having too many men on the ice and one against Claude Provost late in the game for an illegal facemask procedure.

Provost was mad in the dressing room over this call, disregarding his assists on both of Montreal's goals. He passed to Boom-Boom Geoffrion for the first one at 6:53 of the opening period and did likewise to Ralph Backstrom at 9:32 of the second period. Meantime goalie Charlie Hodge had little trouble registering his fifth shutout of the season against the Leafs.

TALENT IS BIG PROBLEM

LEXINGTON, Ky. (AP)—All coaches would like to have the problems and headaches that plague Slat's Gill of Oregon State and Jack Gardner of Utah. The two will coach the East and West teams in Saturday afternoon's East-West College All-Star basketball game, and there's so much talent on hand that both are working overtime just trying to come up with a starting line-up.

Gill will handle the West and Gardner the East. The contest, sponsored by the National Association of Basketball Coaches, is scheduled to begin at 3:30 p.m. (EST) and will be televised throughout most of the nation.

The West, which lost 77-70 in the first annual game last year, has been installed a slight favorite this year because of its height advantage. There are only three men on the 10-man West squad under 6-foot-6, while the East has only two over 6-5.

NETWORKS DO TOP-NOTCH JOB ON 'SPECIALS'

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—One accepted, if regrettable, fact of television life is that network public affairs shows, documentaries and other so-called "special projects," rarely attract the big audiences that routinely watch entertainment shows.

What makes it all the more sad is that television has learned how to do these shows very well, usually with brilliant camera work and clear, sharp writing.

There are a handful of specialists who are important because their programs are the ones to which networks point with pride and list as examples of "public service."

AMBITIOUS EFFORTS

The top CBS specialist, until his recent promotion to head the whole network news operation, was Fred Friendly of "CBS Reports." NBC has Reuben Frank and Irving Gittlin among others. ABC's top producers are one of television's few husband-wife teams, John Secondari and Helen Jean Rogers.

Secondari, who heads the network's special projects division, will be winding up on Sunday an ambitious effort, a four-part series called "The Saga of Western Man." It sketched developments in this hemisphere since 1492, when the new world was

Smokey Says:

Insure the forests for future generations—Prevent Forest Fires!

discovered.

Secondari, with his wife as the series' director, spotlighted the growth of the American man in the first three parts. But the final chapter, called "1964," will be a forward—instead of a backward—look.

It took a team of 40 to put together the series, including researchers. Secondari wrote the scripts and also served as narrator.

Recommended weekend viewing:

Tonight — "Slow Fade to Black," NBC, 8:30-9:30 (Eastern Standard Time)—Rod Steiger in an original drama by Rod Serling.

Sunday — "Marineland Carnival," CBS, 7-8 p.m., music and variety hour with the stars of "Beverly Hillsbillies" and the Smothers Brothers; "Saga of Western Man," ABC, 7:30-8:30; "Breakthrough," NBC, 10-11, showing recent advances in medicine and surgical techniques.

Don Demeter and Willie Mays hit homers in nine National League parks in 1963, failed to hit one in Dodger Stadium, Los Angeles.

AREA TO MARK RESURRECTION EASTER MORN

Thousands of Adams Countians, who Friday mourned the death of Christ in Good Friday services, prepared today for the joyous rituals marking His Resurrection.

Flowers in large quantities have been placed in local churches for Easter services which will begin as early as 10:30 o'clock tonight in Catholic churches and will continue through Sunday evening with special Easter programs in many Protestant churches in the county.

In at least two churches in the county mammoth crosses made of white lilies have been placed for the Easter services. Trinity Lutheran Church, Ardenstville, has featured a huge lily cross for more than a decade and has invited to public to view it from 5 to 9 o'clock this evening in the church. Parishioners paid tribute to deceased relatives by donating potted lily plants for the cross. The cross extends from the floor to the ceiling.

BLESS NEW FIRE

A similar cross has been placed in Zion Lutheran Church, Fairfield, for the third year.

The first Catholic service to mark the blessing of the new fire, blessing of the Easter water and other services in preparation for the Easter Mass at midnight. Church bells in Catholic churches have been silent since Thursday in observance of the death of Christ but will ring at midnight in observance of the Resurrection.

The Gettysburg Ministerium will sponsor Easter dawn services at 6:30 o'clock Sunday morning on Oak Ridge near the observatory with Rev. Robert A. MacAskill as the speaker. In the event of (Continued on Page 2)

Jesse E. Cline, J. Edward Kerrigan, Dale Clark and Frank Meriken, members of the Allied Veterans Council Committee, presented the Council's recommendation of William E. Brady, McSherrytown, to be director of Veterans Affairs to the Adams County Commissioners this morning.

The commissioners received the first ten replies from other counties in response to a questionnaire from Adams County concerning how those counties handled their reassessment of real estate.

BOLLMAN PETITION

The commissioners reported they had a petition carried by William Mellors, E. Middle St., bearing 87 signatures urging that Bollman be retained as director of veterans' affairs and that they had letters from Thomas E. Wilson, judge advocate of the Department of Pennsylvania Disabled American Veterans; William M. Stevens, superintendent of Scotland School, "and a number of others" stating that Bollman is (Continued on Page 2)

2 Cars Demolished In Friday Accident

Two cars were reported "nearly demolished" Friday night at 5:20 o'clock when they collided a mile east of Heidlersburg on the East Berlin Rd.

At that moment his car was struck by a westbound car operated by Robert A. Kane, 42, Biglerville R. 2. Damage was estimated at \$500 to each of the cars. No injuries were reported.

Damage totaled \$20 in a minor accident 2 1/2 miles east of here on the Bonneauville Rd. at 2 o'clock Friday afternoon. Police said Shirley Funt, 19, Aspers R. 1, had halted her car preparatory to making a left turn when it was struck from the rear by an auto driven by Paul J. Reaver, 39, Gettysburg R. 2. Damage was estimated at about \$10 to each car.

Christians And Jews Hail Resurrection, Passover

JERUSALEM (AP)—This is a time of joy for both Christians and Jews in the Holy Land.

As Christians prepared to usher in the dawn of Easter, hailing the risen Christ, Israel's two million Jews celebrated the second day of Passover.

By a quirk of the calendar, Passover coincides this year with the Easter season. The ancient Jewish festival commemorates the flight of Moses and his people from bondage in Egypt. Like their brethren around the world, Israeli Jews observed Passover with the traditional seder, a family gathering at which the head of the household retells the story of the exodus from Egypt.

WINE UNTOUCHED

In many Jewish homes, a cup of wine was left untouched in memory of those who perished at the hands of the Nazis and a place at the table was left empty as a reminder that the Jews in the Soviet Union are discouraged from religious observances.

ENROLLMENT UP 31 PCT. IN CO. SCHOOLS

The new directory for the Adams County Public Schools, just issued from the office of the county superintendent of schools, shows that where there were three pupils in this county 10 years ago there are now four.

The pupil enrollment figures for the current year, taken last fall, show 9,993 youngsters enrolled from kindergarten through the senior year of high school. Ten years ago the total was 7,616. The increase of 2,377 represents a jump of 31.2 per cent.

Approximately two-thirds of the increase is in the junior and senior high school enrollments, statistical tables show in the new directory.

BIGGEST GAIN IN HS

The high school enrollment has jumped 1,513 while the number of pupils in the elementary grades has climbed only 864 in the 10-year period.

A pupil membership table shows there are 932 in the First Grade this year, 880 in the Second, 861 in the Third, 876, in the Fourth, 825 in the Fifth, 853 in the Sixth; 156 in elementary special education classes; 861 in the Seventh, 805 in the Eighth, 777 in the ninth, 744 in the 10th, 685 in the 11th, 514 in the 12th, and 146 in high school special education classes.

As compared with 10 years ago, the biggest jump in enrollment is in the 11th Grade which has 291 more this year than 10 years ago. Other grades that show an increase of more than 200 are the 10th, Ninth, Eighth, Seventh and the Third.

THIRD IN GETTYSBURG

The possibility of a change in the trend of the cycle is indicated by the fact that this year's First Grade class is 55 lower than 10 years ago.

Of the 9,993 pupils currently enrolled, 3,076 are in the Gettysburg Joint School System. Next largest are Upper Adams with 1,587, Littlestown with 1,347; Be (Continued on Page 2)

Local Pupils Featured In Gas Magazine

Eisenhower Elementary School Third Graders taught by Mrs. Elizabeth Group are featured in a two-page article in the current issue of News and Views, a bimonthly publication of the Pittsburgh Group of the Columbia Gas System.

Under the title "Mad Hats, Artists and Darlene Elliott," the story tells of a recent visit by Columbia Gas speaker, Darlene Elliott, to Eisenhower School when she talked about the uses of gas and illustrated her talk by donning a series of unusual hats, all made of gas and all representing some phase of the natural gas story.

After the talk, Mrs. Group had each member of the class write a letter thanking Darlene for the talk and in their art class under Richard Krick they gave their impressions of Darlene and her spectacular hats. Accompanying the article are five pictures of Miss Elliott wearing various hats and as many reproductions of students' drawings of the same subjects.

The magazine article observes: "The result is a wonderful example of how a major industry can assist schools in their modern day teaching techniques."

The "Mad Hatter" talk, which was specially designed for children, is a variation of a talk she gives to women's groups in which she takes her audience into "natural gas wonderland" using an "Alice in Wonderland" approach.

A number of the pupils' letters to Miss Elliott also are quoted in the magazine feature.

Gallery Acquires Valuable Painting

The Washington County Museum of Fine Arts announced today the accession by gift of a valuable 17th century painting by the post-Renaissance Venetian master, Giralmo da Ponte.

The painting, titled "The Sepulchre"—depicting the preparation of Christ's body for entombment following His Crucifixion—was given to the museum by a private art collector, Miss Florence Blume, of New York City. The institution was chosen as the recipient of the work of art on the basis of its strong identification with the community it serves through its "richly varied program of cultural activities."

FORFEIT FINES

The following recently forfeited fines in Westminster on motor code violation charges: George M. Shifflett, Taneytown, \$8, speed too great; Edgar T. Keffer, McSherrytown, \$8, improper passing; Russell E. Feaser, Taneytown, \$8, operating on expired license.

Buildings Reduced To Rubble; Homes Tumble Down Cliffs, Oil Tanks Rupture, Then Burn

ANCHORAGE, Alaska (AP)—The heart of this metropolitan city was virtually destroyed by an earthquake that rocked Alaska Friday night, leaving a death toll that may reach several hundred.

At least 50 were reported dead at Anchorage, where buildings on Fourth Avenue—the main thoroughfare—were reduced to rubble and more than 50 homes tumbled down a cliff.

The quake struck here at 5:36 p.m.—10:36 p.m. EST—at the height of the rush hour. Hundreds of people were caught on the streets or enroute home in cars.

Huge cracks opened in the ground. Two in the downtown area were from six to 12 feet deep and ranged from six to 50 feet wide.

In the center of the city, three-story concrete buildings—many of them quite new—tumbled or caved in upon themselves. Some were reported a total loss.

BULLETINS

By THE ASSOCIATED PRESS

Death-dealing shock waves from the Alaskan earthquake smashed harbor facilities and touched off explosions and fires along the Pacific Coast from Canada to California Friday night and early today.

The surge caused flooding in the mid-Pacific Hawaiian Islands and was noted even in distant Japan.

At Depoe Bay, Ore., a wave rolled over a Tacoma, Wash., family sleeping on the shore at Beverly Beach State Park. One child drowned and three others were missing.

At Crescent City, Calif., at least five persons were drowned and the entire downtown business area was ravished when tidal waves washed up a nearby creek and then rolled back down through the community of 3,000 on the northern California coast.

SAN DIEGO, Calif. (AP)—A Honolulu-to-Los Angeles passenger plane with nine persons aboard ditched in the ocean 900 miles west of San Diego today, the Coast Guard said.

The Coast Guard said an amphibian aircraft was airborne within 30 minutes after the DC-4 was reported down at 6:05 a.m. (ST).

JACKSONVILLE, Ark. (AP)

An Air Force B-47 bomber crashed in a cascade of flame shortly after takeoff Friday, killing four crewmen and two children.

The boys were playing when the huge plane slammed into the ground less than 50 yards from the home of one of the victims, Richard Butler, 9. The second child, Gary Davenport, 10, died this morning.

Former Local Folk Living In Alaska

Many local folk followed the news of today's earthquake in Alaska with special interest because friends or relations are living in the area. The list includes:

Lt. Col. and Mrs. Spurgeon A. Messner, formerly of Gettysburg, who reside with their two sons, John and William, at Fort Richardson, Anchorage. Both Col. and Mrs. Messner are Gettysburg College graduates and formerly owned a home on Hillcrest Place.

Lt. Col. Robert G. Livesay, nephew of Atty. Franklin R. Bigham, West Broadway, retired from services a short time and is now in the insurance business in Anchorage. He is a graduate of Gettysburg High School and attended Gettysburg College.

S-Sgt. Michael Small, son of Mr. and Mrs. Stover Small, E. High St., is stationed with the Air Force on the island of Siyama, approximately 1,200 miles from Anchorage, Alaska, and 280 miles from the Russian coast. Mrs. Small has asked the Red Cross for information concerning the effects of tidal waves in the area of the Aleutian Islands.

DISASTER AREA

Gov. William A. Egan asked President Johnson to declare portions of Alaska a disaster area.

"Urgently request designation major disaster area," Egan wired the President. "Complete evaluation of damage and loss of life not yet available, but information presently at hand confirms likelihood of damage which could easily reach minimum of quarter billion dollars through widespread area."

Anchorage stands at the head of Cook Inlet and as the shock and tidal waves rolled down the sound, they brought death and destruction to coastal cities.

CITY IN DARKNESS

Three persons were reported dead and 28 missing at Valdez.

Three deaths were confirmed at Seward, where 20 persons were reported missing.

Anchorage was plunged into darkness when electric power went off, and rescuers struggled in the ruins with only emergency lights to guide them. A fire broke out but was extinguished.

Regular communications with other cities were not established until more than 8 1/2 hours after the earthquake hit.

Damage was reported extensive in other cities. Oil tanks erupted. Fires broke out and firefighters were hampered by the lack of water.

KODIAK SWAMPED

Kodiak was swamped by a 17-foot tidal wave and the mayor sent out a call for help. The Navy had evacuated its station before the wave struck, and most of the residents also had moved to higher ground.

A section of Turnagain Bluff, where many of Anchorage's finest homes are located high above Cook Inlet, reportedly tumbled and many homes tumbled down the cliff.

President Johnson was alerted to the disaster at his Johnson City, Tex., home, where he is spending the Easter vacation. Reports were given him periodically throughout the night.

RED CROSS ACTS

Disaster agencies around the country were informed and the Red Cross designated Seattle as its marshalling point. Navy and Army planes in the Seattle area were on the alert, ready to carry life-giving supplies to the stricken area.

The earthquake was recorded on the University of Washington seismograph for two hours. Its intensity was measured at 8.3 on the Richter Scale. The San Francisco earthquake of 1906, which claimed 452 lives, registered 8.25 on the same scale.

DISASTER SPREAD

The university's seismologist said the earthquake apparently centered in the bay south of Seward, 1,500 miles northwest of Seattle.

Shock waves were felt around the world. The recording needle was shaken out of the seismograph at an observatory in Paris.

NETWORKS DO TOP-NOTCH JOB ON 'SPECIALS'

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP)—One accepted, if regrettable, fact of television life is that network public affairs shows, documentaries and other so-called "special projects," rarely attract the big audiences that routinely watch entertainment shows.

What makes it all the more sad is that television has learned how to do these shows very well, usually with brilliant camera work and clear, sharp writing.

There are a handful of specialists who are important because their programs are the ones to which networks point with pride and list as examples of "public service."

AMBITIOUS EFFORTS

The CBS specialist, until his recent promotion to head the whole network news operation, was Fred Friendly of "CBS Reports." NBC has Reuben Frank and Irving Gittlin among others. ABC's top producers are one of television's few husband-wife teams, John Secondari and Helen Jean Rogers.

Secondari, who heads the network's special projects division, will be winding up on Sunday an ambitious effort, a four-part series called "The Saga of Western Man." It sketched developments of this hemisphere since 1492, when the new world was

Insure the forests for future generations—Prevent Forest Fires!

discovered. Secondari, with his wife as the series' director, spotlighted the growth of the American man in the first three parts. But the final chapter, called "1964," will be a forward—instead of a backward—look.

It took a team of 40 to put together the series, including researchers. Secondari wrote the scripts and also served as narrator.
